

## **SCICU Excellence in Teaching Awards**

### **Program Guidelines**

1. There will be one SCICU Excellence in Teaching award per institution for an undergraduate faculty member who exemplifies the qualities and skills most desired for enabling student learning.
2. Each institution is free to select a recipient according to the institution's practices and policies. The award will be provided to an undergraduate faculty member for professional development, not as a monetary award, stipend, or any disbursement that would be deemed as taxable income. More than one person or unit (for example, academic department) may share in the professional development money, but there will be one named recipient per institution.
3. A certificate will be presented to each recipient at a dinner honoring the twenty SCICU member institution award winners. Award recipients and senior officials are expected to attend the awards dinner. Each college/university will be provided a table that will accommodate eight (8) seats.
